

MODELLO / MODEL	MDXS DOSER	MDXS ON DEMAND
Carrozzeria / Body		
Materiale / Material		
	Alluminio / Aluminium	Alluminio / Aluminium
Colori / Colors		
	■ Nero / Black	■ Nero / Black
	□ Bianco / White	□ Bianco / White
	■ Rosso / Red	■ Rosso / Red
Dimensioni / Dimensions		
Largezza (mm) / Width (inches)	212—8 6/16"	212—8 6/16"
Altezza (mm) / Height (inches)	585—23 1/16"	585—23 1/16"
Profondità (mm) / Depth (inches)	290—11 7/16"	290—11 7/16"
Peso / Weight		
Netto (kg) / Net (lb)		
Lordo (kg) / Gross (lb)		
Tramoggia / Bean hopper		
Materiale / Material	Kostill per alimenti / Kostill for food	Kostill per alimenti / Kostill for food
Capacità / Capacity		
Sistema sicurezza estrazione campana / Bean hopper's extraction safety system	Meccanico / Mechanical	Meccanico / Mechanical
Sensore presenza caffè / Dispenser sensor		
Settore riduzione capacità campana / Space reducer		
Cassetto raccogli fondi estraibile / Extractable coffee grounds tray		
Tensione / Voltage - Frequenza / Frequency		
Tensione / Voltage - Frequenza / Frequency	110-220 V	110-220 V
Certificazioni / Certifications		
Potenza / Power		
Potenza / Power	500-400 W	500-750 W
Pressino / Tamper		
Pressino dinamometrico incorporato (0-24 Kg) / Adjustable dynamometric tamper (0-24 Kg)		
Pressino fisso / Fixed tamper		
Macinatura / Grinding		
Regolazione micrometrica macinatura / Grinding regulation	•	•
Produttività (Kg/h) / Productivity (Kg/h)		
Velocità macinatura (sec/dose) / Speed grinding (sec/dose)		2g/s
Diametro macine (mm) / Burrs (mm)	65	65
Trattamento long life / Long life treatment		
Elettronica / Electronic		
Sistema salvamotore / Engine protection system	•	•
Display / Display		Grafico / Graphic
Dosatura / Dosing	Manuale / Manual	Elettronica / Electronic - Manuale / Manual
N. scenario pre-impostato / Pre-set modes		1
N. dosi programmate / N. programmed doses		2
Velocità motore per scenario / Engine speed per mode		
Temperatura testata regolabile / Engine temperature regulation		
Sistema ventilazione con ventole / Ventilation system with fans		
Stop & Go / Stop & Go		•
Funzione Barista / Barista Function		
Funzione aggiunta dose / Dose addition function		
Sistema illuminazione led / Led lighting system		•
Lingue / Languages		
Conteggio totale / Total counter		•
Conteggio parziale / Partial counter		•

EN MDXS is the grinder for medium-selling premises that incorporates the latest technology in terms of silent operation.

EXTERNAL VOLUMETRIC DOSE ADJUSTMENT.

EN The volumetric dose adjustment system is on the outside to facilitate the adjustment phase..

GRINDING QUALITY.

EN MDXS provides high-quality grinding, thanks to the new aeration system of the top of the grinding chamber that ensures a constant temperature for the benefit of coffee fragrance.

MICROMETRIC GRINDING ADJUSTMENT.

EN MDX has a micrometric grinding adjustment at continuous intervals that makes the degree of grinding extremely precise.

SILENT.

EN MDXS incorporates Silent technology, an anti-vibration system that isolates the motor reducing acoustic emissions during grinding.
